**Dear Comrades,**

**Sub: Celebration of Bank Nationalization Day with a difference - “Save our planet by planting plants”- Let us see how our organization responded to the call on 19<sup>th</sup> July, 2024 itself.**

1. Members are aware of the fact that AIBPARC gave a call to all our affiliates and state committees to take part in different types of organizational activities and programmes to celebrate the Bank Nationalization Day as it is done in other years. All the reports are yet to come and we will bring all such activities to the notice of members in due course.

2. We had also given an ambitious call to save our planet by planting plants. It was very relevant to the present day because the entire globe is experiencing havoc of climatic change leading to excessive rise in temperature to a record-breaking height. We are very happy to inform you all that our members/organizations have taken the call very seriously and they have tried to do their best so that the campaign succeeds. We have received reports from different individuals and tiers of organization along with different photographs. Though it is not possible to cover the entire reports, we shall try to catch a glimpse of the energetic efforts of our leaders, veterans, activists and members.

## 11. AIBPARC, West Bengal state committee:

The affiliates attached to the state unit (mainly AIPNBPA in all district HQs and ARISE, Kolkata in two places) have celebrated the programme with a lot of enthusiasm. The central programme of the state unit will be organized within this month.

To sum up, this is made known to all concerned that the programme has not come to an end. It will continue throughout the monsoon season and the uncovered state committees/ affiliates may organize the programme as per their organizational convenience. If any affiliate/ state committee has already celebrated the programme but it has not been mentioned in this circular, such bodies need not worry. They may send a brief report with photograph at the WhatsApp number of the GS and such events will be circulated subsequently.

We urge upon all that the program of Tree Plantation as part of Bank Nationalization Celebration should be done with Missionary Zeal and with a sense of Fulfilment and our Commitment to Posterity by us as Responsible Senior Citizens. Let us March Ahead holding our heads high in furthering one of the most important objectives of Nationalization--ushering in Green Revolution and Self Reliance in Food Production and Cleaner Climate.

With best wishes and regards,

K.V. Acharya.
